Description The First Templar is a third-person action-adventure video game, with a blend of elements from various genres, such as action, role-playing, real-time strategy and even puzzle solving. The game can be considered a prequel to the franchise The Dark Ages. Gameplay Gameplay focuses on combat and exploration. The player takes on the role of the protagonist, Richard the First, a brave knight in the service of the king of England. Initially, Richard has no known past. In the first section of the game, he finds himself in a prison, where he meets a mysterious prisoner, known as Count Gisulf, who gives him a sword and a ring and explains that he is the first Templar of the First Order. Gisulf leads Richard out of the prison and explains that he has a mission. The goal of the game is to explore and uncover the mysteries of the First Order. Throughout the game, the player is tasked with discovering the location of Templar artifacts, such as a First
