On an ongoing basis, researchers at ICMR-National Institute of Virology, Pune have collaborated with laboratory scientists at the Center for Disease Control and Prevention, Atlanta, USA, for developing methods for the diagnosis and treatment of viral diseases of humans. (ANI) New Delhi, March 12: COVID-19 is claiming lives of people across the globe on a daily basis and governments and scientists in India are desperately trying to contain the pandemic. However, in the race against time, one of India's oldest children's hospital, Malabar Institute of Medical Sciences (MIMS) is striving to be ahead of the game and is preparing to receive and treat patients infected with COVID-19. MIMS is presently home to about 500 patients and 30 doctors.
