Oct 25, 2008 Beach Head 2002 Full. the developers decided to release a demo of the game for free. 06/01/2012 I installed this game on my laptop and found it to have some rough edges but it was playable. Overall it was still a very nice game and I really like the idea of using the keyboard as a weapon. It's actually kinda fun. The character doesn't seem to jump very far up the beach on each assault and I haven't.
