This application will help you search in a folder or harddrive for recordings and then read informations from Recording Meta-Files of the Comag PVR. Find your favorite TV series or a Movie Read informations from the XML Recording Meta-File (3 examples: Comag, Tivoli and RAI) Find missing recordings:

What's New In?

If you have tried to play back your videos on your PVR2/100CI, there are situations in which you may want to search your PVR2/100CI through a folder on your PC, or even your PVR2/100CI files for a specific recording. But you may have to search through the name or title of the file itself, which can be very time consuming and sometimes it is too difficult to find the desired recording in your collection. The Comag PVR2/100CI is one of the most popular video recording devices on the market today, so we have chosen to focus the efforts of the Comag Driver Team to work on the Comag PVR2/100CI driver. Comag Driver Team has made the Comag PVR2/100CI Java application called Comag Meta File Reader, which allows you to search through the harddrive or a folder for specific recordings, and then to read information from the recording meta-file itself. Key Features of Comag Meta File Reader: • Complete Comag PVR2/100CI Meta-File Reader• Java API• No root required (needs Java 1.5)• Versatile search function for several PVR2/100CI meta-file contents• Search/Display recording by date, recording number, name, title, etc.• Search for recordings from the last recorded until the first (Search backward and forward)• Click on the individual item and the information of the recording will be displayed in the popup menu• Multiple recodings can be viewed in a single tab• Sort recording list by display date, recording number, name, title, etc.• Copy selected recording to clipboard Comag Driver Team has also provided a 1 year free update to the Comag PVR2/100CI Meta File Reader, which means that when this update is finished, you will have access to the latest features and your product will be upgraded to the latest and greatest. Comag PVR2/100CI driver is being developed and tested on a Windows XP SP3 computer. Comag Driver Team is also testing the Comag PVR2/100CI driver on a Mac OS X version 10.4 and 10.5. The Comag PVR2/100CI Java application Comag Meta File Reader is supplied with a 30-day trial version. The trial

version comes with the Comag driver installed. If you wish to use this driver with Comag PVR2/100CI, you need to buy the full version at the Comag Driver Team official site (You can also purchase Comag PVR2/100CI driver license key to unlock the 30-day trial version. For the Comag PVR2/100CI Java application Comag Meta File Reader to run, you need to have installed Java version

System Requirements:
