Grand Theft Auto: Vice City (GTA Vice City) Soundtracks.This invention relates to a latch for cooperating with the teeth of a latch bolt which is adapted to be mounted on the body of a door, window, or like article. Various types of latches for cooperating with the teeth of a latch bolt for effecting the retention of the bolt in its locked or closed position have been previously proposed. However, due to the fact that the teeth of a latch bolt are substantially spaced from one another by less than a single tooth spacing and, as a result, relatively tight side-to-side engagement between the teeth of the bolt and the teeth of a latch is unavoidable in a normal latch installation, it has been difficult in the past to provide a simply manufactured and reliable latch of the normally encountered one-piece type. The small portion of the latch bolt engaging the teeth of the latch must be of sufficient length to enable it to be engaged by the teeth of a latch bolt of the normal tooth spacing. However, if the teeth of the latch are spaced too closely together as a result of the tooth spacing between the teeth of the latch bolt, then engagement therebetween becomes difficult, if not impossible. At the same time, the length of the latch bolt which is necessary to enable the latch to cooperate with the teeth of the latch bolt must not be unduly
