[String: Any] { print("Found \ \(dataDict)") } Since the flatMap will iterate the dictionary and return its values as an array you can handle them in a cleaner way than when you were mapping a single dictionary key to its value : let postDict = //... your post dictionary let matches = (postDict.values.flatMap { \$0.valueForKey("id") }) if let dataDict = matches.first as? [String: Any] { print("Found \ \(dataDict)") } Daniel Pineda Daniel Osvaldo Pineda (; born October 4, 1989) is an Argentine professional baseball infielder in the Seattle Mariners organization.
