Real-Life Player Motion Capture HyperMotion Technology allows players to react the same way that they would if they had been playing against real opponents in a match. The new data enables players to “predict” how the ball is going to move and reacts based on real-life player movement, resulting in unprecedented on-ball behavior on FIFA 22. HyperMotion Technology is available to all game modes, including Exhibition, League, Playoff and Champions League mode. Player Variations More than 300 unique player profiles and over 200 unique formations feature for FIFA 22. Players can customize their and their team’s kits, taking advantage of more than 150 different kit variations for everything from Adidas to Under Armour, Nike to Lotto, and many more! Players can choose from a variety of gear for their goalkeeper, from rocket boots to harness. Goalkeeper New to FIFA 22, goalkeepers can now each have their own performance style. The new variation comes with nine different personality traits, each with their own unique attributes. However, even though goalkeepers come with different personalities, they are all equal in strength and speed, meaning they can all play the same way. Artwork New Agent AI In addition to welcoming new players on to the FIFA family, the new release also includes an incredible new set of Player Skills. The new Skills include some to develop your players and get them ready for the new season. The new skills also include “Adidas Boost” which lets your players run in a more stable way, “Sprint” which lets you get in a more aggressive position, and “Cast Ball” which lets you take advantage of a defender’s mistake. New Tactics New tactics also feature in FIFA 22, with over 100 new tactics included in the game. New tactics include “Team Developments,” which lets you build up play from certain specific

areas or team qualities. The new tactic also gives a large range of options when it comes to play styles, giving you a lot of variety to play a specific game. FIFA 22 is available for PlayStation®4 system and Xbox One. FIFA 19 is available for Xbox One and PS4. Is your favorite club not featured here? Please let us know in the comments below. - **New trophies to unlock. What this means FIFA 22 boasts new, high fidelity visuals, a laser like ball, stiffer playmakers (so you can play as Claude Makelele to score some amazing goals and tackle like the great Pelé), tactile CT and a new skating mode. It's the pinnacle of the franchise and is the first time it has ever used the "set piece" technology, meaning tackles will have changed (which they really need to), and most rival teams will have new switching tactics. But it's built on top of FIFA, so you**

know EA have spent huge amounts of time making sure it's the smoothest, most realistic and the most fun game in the franchise yet. So what are you waiting for? Go and buy it! The Bad It's not FIFA, but FIFA 20 comes recommended We know EA have made up their mind FIFA 22 is "the" game, it has to be FIFA. But quite frankly, FIFA 20 got better the previous year, better gameplay, better balls, closer to the previous versions. The game is still good fun and one of the best football games, but Fifa 22 has won my heart, it's consistently fun and is a really near perfect football
